Two Timely Views of This Store for Men

The Style View

We have selected from the leading styles of the leading makers because we know your wants—some of you wish a touch of the extreme—some the more conservative.

WE KNOW THAT GOOD STYLE exists in both extreme and conservative, and we have brought it here for you.

YOU ARE TO JUDGE HOW well we have served you. We want you to look at the New Spring Styles—buy or not, as you please.

The Business View

You buy and continue to buy where you receive the largest degree of value. We are thinking of the broad definition of the word "value"—cash value, service value and satisfaction value, all combined.

This store aims to serve you in this broad-value way and the early season buyer derives most from service and satisfaction. This more than offsets the saving in buying late season pick-ups. Why be uncomfortable for two or three months.
